MICROFILM ONLY

INTRODUCTION

This finding aid focuses on the records of the Tennessee House Finance, Ways, and Means Committee, which span the years 1976-1986. The original collection measured approximately 13 cubic feet. Approximately 1.5 cubic feet of material were transferred to Middle Tennessee State University to be incorporated with the papers of State Representative John T. Bragg. After removal of extraneous material (committee calendars, copies of bills, duplicate copies, etc.), the collection now measures approximately 2 cubic feet. There is no restriction on the use of these records. This is a microfilm only collection.

SCOPE AND CONTENT NOTE

Record Group 115, Tennessee House Finance, Ways, and Means Committee records, spans the years 1976 through 1986. The original collection measured approximately 13 cubic feet. Approximately 1.5 cubic feet of material were transferred to Middle Tennessee State University to be incorporated with the papers of State Representative John T. Bragg. After removal of extraneous material (committee calendars, copies of bills, duplicate copies, etc.), the collection now measures approximately 2 cubic feet. The collection was microfilmed and the originals were disposed of by state approved method.

The materials within the collection were predominantly in alphabetical order by subject and that structure has been maintained. The documents in the collection are primarily related to committee meetings, legislation, the Tennessee Advisory Commission on Intergovernmental Relations (TACIR), and the Tennessee Higher Education Commission (THEC) and consist of memoranda, reports, and presentations. The folders related to various pieces of legislation are sorted numerically by House Bill number because the documents are often undated. The material within the folders is in chronological order unless there were several documents grouped together. In those cases, the original grouping was maintained and the material was sorted chronologically by the date on the first document in the group of material.

The records of the Tennessee House Finance, Ways, and Means Committee provide an important view into the issues which faced the state government and the nation in a period of economic distress during the late 1970s and early 1980s.
